

Glencore Graduate Program

Glencore is one of the world's largest global diversified natural resource companies. Our global network comprises more than 90 offices located in over 50 countries, plus we have over 150 mining and metallurgical sites, offshore oil production assets, farms and agricultural facilities.

Our strategy is to maintain and build upon our position as a leading integrated producer and marketer of commodities worldwide.

Whichever path you take – take it with us

OPEN NOW - Glencore Graduate Program – Coal, Copper & Zinc Assets

Queensland, New South Wales & Northern Territory

As part of Glencore's graduate program you'll receive further training through our excellent, structured professional development program.

We want you to succeed, not just for the benefit of the organization but also so you can achieve your own career goals. Our creative and experienced professionals will challenge you each step of the way – to think differently, ask questions and come up with creative solutions. This is your opportunity to test your skills and creativity in real situations. You'll help to create positive partnerships with communities and make a lasting contribution to society.

We are seeking

If you're bright and curious, confident, and keen to grow with us, you're exactly who we want.

We're seeking university graduates who will relish the opportunity to work and live in our regional and remote locations and take on the exciting challenges that we will offer. Want to see what is on offer?

Visit our Graduate website www.glencoregraduates.com
