FREQUENTLY ASKED QUESTIONS

1. How do I label receipts?

A) With a pen/marker before scanning the receipts.

B) By notating the scanned receipt on a PDF viewing program

2. How do I attach receipts?

A) Attach as JPEGs: once you have scanned them

B) Attach as PDF

3. What is an Area of Expenditure?

It is just a way of breaking down your total expenses into different categories.

This may be

- an event e.g a barbecue, a meeting etc
- an initiative e.g bought new equipment
- administration costs e.g pens, stationery

4. Not everything on one of my receipts was for the club/I have some personal items on my receipt. Can I still use it?

Yes - please highlight the items that were for the club and mark out the personal items, so we can easily see which items you are referring to when we are verifying your claimed amount.

5. I've lost the receipt. Can I still claim the item?

If there is no proof that your club has spent that amount, we unfortunately cannot approve the claim.

6. I held a lot of barbecues, and we bought onion

there. Is the Area of Expenditure = Barbecues, and 'Description = Onion', and do I add up the cost of all the onion I bought over this semester across all the receipts?

In this situation, an easier way for both of us is to group your expenses based on your receipts. Please keep all expenses found on one receipt together, and all expenses found on another receipt together, etc.

7. I've done the form and organised my receipts. How do I submit my application?

Click the 'Submit' button on the first page of the Semester Grant Form. Please note you will not receive a confirmation email. If you would like to check that we have received your application, please email soc@guild.uwa.edu.au

8. Why did we not receive all that we claimed for?

It may not have fulfilled the criteria of SOC's Club Grants Policy. For example, we commonly reject claims for

- Alcohol
- Travel expenses
- Deposits and other service fees
- Incorporation fees
- Events without an approved EMP
- Items that benefit only committee
- O-Day expenses unless they have a continuing benefit
- Things that have already been funded by another SOC grant
