

University Computer Club

Learn | Use | Meet | Play

A hub for technically-minded people for the past 40 years.

Come to one of the many tech events we put on throughout the year. Learn about linux and much more!

Check out our servers (we have 140 cpu threads and 1/2 TB of RAM), create VMs, and host your own sites.

We have the fastest internet on campus — a **Gigabit** connection. Use it on any of our desktop computers.
