    PERTH          TECHTONIC          2022

```

Level up your skills with this unique
FREE two-day event hosted by global
technology company VGW.

Creators of online social games,
VGW's technology experts will not only
share their knowledge, but you will have
the chance to put your skills to the test.

DAY 1: CONFERENCE

Be prepared to be taken on a journey, as our 12 speakers discuss six critical topics for anyone in the world of tech:

- Frontends
- Backends
- Security & Privacy
- Deployment: Infrastructure as Code
- Observability
- Leveraging Data

DAY 2: WORKSHOPS

Put your theory to practice as you work alongside our industry leaders to solve real-life problems:

Newcomers

- Git Gud
- Memory fundamentals
- Debugging introduction
- HTTP uncovered

Intermediate

- Docker introduction
- Language comparisons
- Vulnerabilities
- Build/Test/Deploy
