### ***CWAP Up***

- Only enough prose entries to make 1 stream
  - UNISFA only had to hand out 1 prize stream
- One prize handed out, rest to be collected
- Prizes for CWAP:
  - First place: \$20 and either (a) two doubles and a prize; (b) three doubles
  - Second place: \$10 and either (a) a prize; (b) two doubles
  - Third place: (a) a prize; (b) one double
- Given that the past two times we've run this we've combined the prose streams, we should just have one from the start
- Don't be afraid to give Kat feedback if you have any
- Kat to get feedback

### ***End of Exams Screening***

- Special screening to celebrate end of exams
- Maybe run that lego screening we've been throwing about
  - People talk about who can provide lego

## ***Busy Bee***

## Tenancy

- The busy bee is on the 23<sup>rd</sup>
- No word on storage or Cam Hall Shame Cube
- An IKEA run may happen
- Where will we put the marquee?
  - Maybe behind a couch
- The couches being in the middle of the room make it look bad and really serve only as beanbag storage space
- Don't keep things on couches
- Reminder: don't litter, or you will be doored

## Finance

- We still have money
- Making steady profit
- People like food as it turns out

## Library

### *Removals*

- Snoopy and the Red Baron by Ryan (Charles M Schultz)
  - We kept Calvin and Hobbes
  - However, we kept Calvin and Hobbes because of its superior quality and the way it interacts with and plays with spec fic tropes
    - Motion to remove the book from the library:
      - For: unanimous
- Ghosts Who Went to School by Judith Spearing
  - Ghosts are fantasy
  - Books being shitposts aren't good enough reason to keep them if they're only getting attention now that they're being removed
    - Motion to remove the book from the library:
      - For: unanimous
- Da Vinci Code by Dan Brown
  - We received an appeal about it
  - Discussion:
    - Influential
    - Very popular and widespread, do we need to have it?
      - We like having popular things, though
    - Dan Brown probably doesn't actually believe the conspiracy
    - We've removed conspiracy books in the past, but people read this under the impression that Dan Brown doesn't believe it and it's spec fic
    - People read it as a mystery thriller spec fic more than historical fiction
    - Has been secretly removed by previous committees
    - We've kept alternate history before
      - Motion:
        - For: Simon, Kurt, Kat, Ryan, Ed
        - Against: Fin, Jaye, Autumn

- What do the kids like to double stack?
- We can continue to increase the size of the library for the time being
  - No need to remove books in time as we add them
  - Something to be said for preferencing more recent works for being outside for the compactus
- Still should try to double stack the compactus

## **General Business**

### ***Logos***

- Kat is going to make direct contact with Anniques friend
- Kurt is looking at Guild Weekly

- Motion to close meeting
  - unanimous

Summary of closed section:

- We accept Annique being on CCC until changeover
- Last week we suspended Dave Thatcher for being inflammatory in the FB
  - We have added him back to the FB
